Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

4. Adequacy of References to Related Statutes, Rules and Forms

- a. The analysis does not include a reference to related statutes or rules. This should be included.
- b. In s. DCF 57.485 (2) (a), the names of the agencies should be shown in lowercase.

5. Clarity, Grammar, Punctuation and Use of Plain Language

The phrase “methodology and findings” in s. DCF 57.485 (2) (b) is a bit elaborate. Is the department simply asking for the applicant to list why there is a need for the particular group home, and to list any facts that support the applicant’s assertion for that need? This could be re-phrased in plainer language.
